

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph beginning on page 5, line 25 with the following rewritten paragraph:

C --As shown in Figure 2, a lift piece 7 may be mounted by a controller 8 on a slider 6 configured to move in the horizontal direction along a guide rail 5. Engaged with the lift piece 7, as shown in Figs. 5 and 7, a buffer plate 10 may be mounted, with a plurality of magnets 9 inserted therein. At the bottom of the buffer plate 10, elastic member 11 is exposed and fixed within a groove located in the lower side of the buffer plate in the lateral direction.--
